Elections Coming! Register Now and Be Sure of Voting!

UPLAND, CALIFORNIA, TUESDAY, JANUARY 7, 1930.—6 PAGES.

NO. 69.

20 MAY FORM NING GROUP DIRECT WORK

ion Suggested As One of Aiding Council on Projects

LEN LEADS MOVE

Councilmen Asked to Plan and System Recommended

ion of a city planning in Upland is being pro- lay. McQuillen, city council- ight the question up at council meeting Thurs- y asking the advise ntario city officials, who esent. The commission g effectively in Ontario icials advised the forma- uch an organization. no further comment was k today of having the no created, which would any improvement pro- fore the proposals were submitted to the coun-

mission would also dig- growth of the city along lines, restrict certain of activity to certain parts city and protect areas y injurious projects. mission could have no ver in authorizing or con- projects, but recom- ons could be made to the en, it was explained. who were considering the could see no obstacles an and it is believed the city councilmen would y aided.

Y. Mather Tells Convention in Old Southern City

W. Mather, of the Chaffey college faculty, returned on y from New Orleans where ded the national conven- the American Political association which was in several days. Mr. Mather ay 11 days. The conven- attended by several hun- legates, representing var- versities and colleges po the United States. Mr. said, so far as he knew, ere only two other Cali- representatives, one from versity of California, at y and one from U. C. L. A., being the only junior col- ing a delegate.

f the outstanding events of successful convention was h the delegates paid p Prof. Frank J. Goodnow, of political science in Hopkins university, a pion- ne field of political science, founder of the association was celebrating its twenty- niversary.

ving the general conven- sions each day, several were formed, each holding able conferences for the on of certain subjects. Mr. was round table leader for up studying the "Problems ty Government."

the least enjoyable of the stay in New Orleans, were days of social events and eing in the charming old n city. A dinner was given joint old French hotel, one few to survive the modern- ty city, and a real French was served.

Mather found many things rest to see and enjoyed a several hours on the Mis- river, which constantly d pushes on its levees high the city and the surround- m lands.

Uplander Freed of Blame in Accident

Rev. N. E. Hershey was freed of all blame for the death of Frank Williams, Ontario, in an accident Friday morning, by a coroner's jury reviewing the case Saturday morning. The verdict was that Mr. Williams met his death accidentally. The accident occurred on Euclid avenue between Sixth and Seventh streets when Mr. Hershey's car was crowded into the wagon on which Mr. Williams was riding by a second car. Both cars were seeking to pass Mr. Williams' wagon.

Smudging Tonight Seen in Prediction

First smudging of the season is expected tonight and T. R. Woodbridge, manager of the Liberty Groves Operating corporation, as well as other citrus men, were preparing today for the firing.

"Any men that want work tonight can probably get it by helping us fire," Mr. Woodbridge said, and explained that he would be glad to receive telephone calls at his office from persons wanting to work.

Predictions last night called for smudging before this morning, but the timely rain held off the frost. Lowest temperature in the district was below 30 degrees, but there was no smudging in this territory.

Indications today pointed to a drop in the temperature. Nearly every Upland grove owner in the smudging district was prepared for the battle against Jack Frost. At this time last year, there had been much smudging and the local ranchers today feel fortunate in that they have not previously been forced to fire up the pots.

Money Orders Hit High Mark in City

Issuance of money orders reached a new high mark at the Upland postoffice yesterday. One hundred and four money orders were issued many of them in \$3 denominations going to Sacramento with the "white slip" to pay for 1930 auto licenses, according to L. N. Kirk, postmaster.

The amounts varied from as low as \$1 and to more than \$100. The previous record number issued in any one day was 86.

LEMON TREES TO BE PLANTED HERE

Local Nursery Providing Stocks For Increase of Several Hundred Acres

During the next few years there will be several hundred acres of lemon trees planted in the Upland citrus territory, in the belief of J. Albert Jackson of the San Antonio nursery.

In addition to growing nursery stock to be planted in the Huren tract of more than 100 acres, Mr. Jackson has received orders from about half a dozen local growers. He estimated that the number of lemon trees ordered from his organization for delivery during the next few years would make about 250 acres of new groves.

"People are thinking that it is lemon trees they should plant and they believe that this is the place where they should plant them," Mr. Jackson said.

The nursery is filling orders from growers in all parts of Southern California, one of the recent orders coming from Ventura.

Mac's Is Affected by Merger of Drug Firms

Mac, the Medicine Man, Inc., local drug store, handling Rexall products, is affected in the merger of national drug concerns announced today. The Owl Drug company and Drug, Inc., the holding company controlling Liggett's and other wholesale drug companies, united their forces, bringing under one head two of the largest drug concerns in the United States.

Liggett's and the Rexall products were said to be the same by a representative of the local drug store and the merger thus affects Mac's establishment. Merger of the companies places the local store in line with the largest chain of its kind and enables the Upland store to be a part of the increased buying power.

20-30 Officers Make Office at Party

Officers of the Upland 20-30 club office last night as a of the club's dinner-dance The Sycamores. h Sage became president; Wright, vice-president; Dale secretary-treasurer, and Swindells, playmate. wing the installation cere- and dinner, the club mem- d guests danced.

STORM BRINGS TO UPLAND TOTAL OF 1.10 INCHES RAIN

Season's Total Now Stands at 1.61 Inches; Last Year to Date 5.01

BIG SNOW IN MOUNTAINS

Rain General in Valley and Is Welcomed by the Ranchers

Breaking one of the longest rainless periods in the history of Upland's rainfall record, which was started by A. P. Harwood in 1891, a slow rain visited this section Sunday, bringing .38 of an inch, this amount being material- ly increased during the forepart of Monday night when a heavy storm brought .72 of an inch. The total for the storm now stands at 1.10 inches, the season total being 1.61. The total to date last year was 5.01.

The rain has been general throughout the valley and was heartily welcomed by ranchers and farmers, who are hoping this is but a good beginning of a normal rainfall. Considerable snow has fallen in the mountains, Camp Baldy reporting between 3 1-2 and 4 inches, while the fall was still heavier at Ice House canyon. In the San Bernardino mountains the snowfall was general and at Big Bear a temperature of 15 degrees above zero was reported.

The present storm brought the first rain that has fallen in the valley since October 15 when .03 of an inch was recorded, the season's total then being .51 of an inch.

November and December were totally arid, not even a trace of rain falling in those months for the first time since the records have been kept. However, there have been several times since 1891 when one or the other of those two months was rainless. There have also been several Januaries and Februaries when little or no rain fell, yet the total for those years was normal.

In 1917 October was dry, November, .75, December, .79, January, dry, yet the season's total was 18.33. The next year the season started off nicely, but closed with a total of but 14.45. The lowest season's total recorded since 1891 was 8.15 inches in 1898-99.

J. R. Johnston who for a number of years has kept the records begun by Mr. Harwood, has studied the records season by season and he is not alarmed by the present low season total, believing January likely will yield a normal rainfall.

NEW OFFICERS FOR ST. MARK'S GUILD

Annual Meeting Held Monday and Gratifying Reports Are Made

The annual meeting of St. Mark's Guild was held in the parish house Monday afternoon. Various reports were made and showed much to encourage the members.

The annual election was held and the following were selected as officers for the year 1930: Mrs. H. H. Shattuck, president; Mrs. W. S. Avery, vice-president; Mrs. Charles O. Deverts, secretary, and Mrs. J. A. Colgan, treasurer.

The rector appointed the parish meeting for Thursday, January 16, and the Guild as usual agreed to serve the dinner and the necessary committees were appointed.

In speaking of the work accomplished during the past year, the rector warmly thanked the members for their loyal support and urged a continuance for the growth of the parish.

Rev. and Mrs. D. Q. Shephard, property owners in Ontario, have moved to Upland to live for several months. They are resident at 234 "F" street. Mrs. Shephard will be in charge of special nursing cases at the San Antonio Community hospital. She has formerly served at the hospital and her management of special cases has made her services in demand. Rev. Shephard is a retired Free Methodist minister. He is one of the founders of what is now the Los Angeles Pacific Junior college, a Free Methodist church institution.

Enrollment Increases As Schools Resume Activities in New Year

Increased attendance in all Upland schools and at Chaffey was reported today as activities began in the new year. An assembly marked the day at Chaffey, an assembly will be held in the Upland junior high school tomorrow and a public meeting is scheduled for the Tenth street grammar school Friday.

Nearly 20 new students enrolled in the grade schools and five new students entered the junior high school yesterday. At Chaffey, attendance was increased by more than a score of new students.

Eighth grade students will be in charge of the junior high program during the first period tomorrow. Miss Edith Hanson is also scheduled to give a talk on the Hawaiian Islands, according to Harold W. Cook, principal.

Rev. F. T. Coppock will present an instructive travelogue picture in the Tenth street grammar school. He has been

around the world several times and the pictures will describe scenes in foreign lands.

The silver basketball won by the Chaffey high team at the Huntington Beach tournament during the holidays was presented to the Chaffey student body in an assembly this morning. Karl Kaiser, coach, presented the trophy to Clinton Dornbush, student body president.

Charlotte Allen is in charge of the Fasti, Chaffey annual, sales, which will be started this week. She will have a corps of assistants and competition will be among the various classes. A system of keeping count on the class score has been devised by her and will consist of runners in a hurdle race. One thousand books are expected to be sold.

A rally was also held at the assembly preliminary to the Chaffey-Riverside game this afternoon.

FRANK VAN NATTA HEADS GOLF CLUB

Upland Man Chosen at Meeting of Directors Held at Club House Friday

The Red Hill Country club will be headed by Frank Van Natta of Upland for the coming year. This was decided at a meeting of the new board of directors held at the club house last Friday evening.

Other officers and committee heads chosen at the meeting are as follows: O. P. Brady, vice-president; C. E. Neil, secretary; W. H. Andrews, treasurer. Committee chairmen: Greens, V. C. South; house, O. P. Brady; entertainment, Wm. Springer; finance, N. E. Trautman.

It was also voted to hold the monthly meetings of the board on the second Thursday evening of each month, and the first session will be held Thursday of this week.

As is customary at the annual election of officers, the old board entertained the new officials at dinner at the club house the evening of the election. All the new officers and directors are men who take great interest in the welfare of the club and the coming year under their leadership should continue the good management which has characterized the organization during the past years of its existence.

Etiwanda to Face Superior Court on Gun Firing Charge

Aurelio Ramirez of Etiwanda will be tried in the superior court on a charge of assault with intent to commit murder, it was decided in the preliminary hearing held before Judge James Sharp of Cucamonga this morning.

Ramirez is charged with entering a pool hall in Etiwanda New Year's eve where he declared intention of killing J. Sandoval, his brother-in-law, but missed him and shot Frank Viramontes, wounding him.

West End Will Get Added Traffic Cop

The Upland and Ontario district is going to get an additional member of the state motor patrol and today the board of supervisors is considering appointments. Three others are to be named in the county at the same time, making an addition of four in the county.

The state traffic department yesterday advised the county officials of the plan to increase the force and asked the board to make recommendations for the posts. Candidates must be over 23 years of age and under 36.

Two Motorists Test Cars; Trial Friday

Two motorists, apparently accustomed to fast driving in the metropolitan area, found that they cannot be so free with the gas. Howard Benjamin of Los Angeles was going 55 miles an hour on Euclid avenue between Twelfth and Seventeenth streets when Patrolman C. S. Lehman called a halt. J. B. Lovelace, Beverly Hills, was making 60 miles an hour on Foot-hill boulevard from Mountain avenue to the east city limits.

They are to be tried by Judge George R. Crane Friday.

BUILDING FUND IS TO BE INCREASED

Growth of Beulah College Is Cause of Plans For More Room

Plans for the enlargement of the Beulah college building fund are well under way, and immediate steps are being taken to raise the necessary funds for building purposes.

The impetus of the recent gift of Grandma Byer on her 89th birthday anniversary has stimulated this project, and has attracted attention far and wide to the possibilities and needs of this institution. Donations to this fund were received from Canada, Honolulu, the Philippine Islands, and from 16 states, some as far east as Pennsylvania and New York.

Further solicitation for this project is being carried on by the financial and field secretary, J. R. Eyster.

Beulah college, Third avenue and F street, is now in its tenth school year and during this period of operation the college has firmly established itself as a fully accredited worthy educational institution, and has attracted many new residents to Upland.

Due to its steady growth, the college is in need of enlarged facilities and it is with this fact in mind that steps are now being taken to increase the building fund.

Vernon Dr. Vacated by Pacific Electric

As a matter of correcting the records, Vernon drive is being vacated by the Pacific Electric in a resolution adopted by the Ontario city council last night. Through the procedure, the Pacific Electric is becoming the legal owner of a right-of-way extending 35 feet on each side from the tracks.

Ontario to Raise Fees on Billboards

Ontario is going to restrict billboards and require the outdoor advertising companies to pay a fee similar to the amount paid other cities, it was indicated in a measure discussed by the Ontario city council last night.

The city planning commission is to study the matter, but tentatively, the fee to be charged each quarter was placed at \$1 a square foot for billboards under 50 square feet, \$2 a square foot for boards from 50 to 300 square feet in size and \$3 per square foot for sign boards larger than 300 square feet.

250 Names Signed in City Registration

Two hundred and fifty names have been registered in Upland for the spring election. Under the direction of Mrs. Roy Creighton, Uplanders are being canvassed and she announced today that a determined effort will be made to get every Upland voter registered.

Registrations can be made up to March 1.

PLANTING OF TREE ON EUCLID MAY BE START OF PROJECT

Deodar Will Be Placed by Boy Scouts on Saturday With Ceremonies

MAY PLANT OTHER TREES

Scouting Officials, Chamber of Commerce May Add Line of Deodars

What may be the first of a series of deodars on Euclid avenue will be planted by the Upland Boy Scout troops Saturday morning, according to arrangements made today.

The Christmas tree that was purchased through a fund started by an Ontario resident will be permanently placed in the ground by the Scouts in a special ceremony at 1 o'clock. For the purpose of decorating the tree the deodar was placed in a box in its position on Euclid avenue, just north of the Madonna of the Trail monument.

In order to make the tree planting ceremony impressive, the time for placing it in the ground was postponed until after the start of school. Clair E. Kirk, secretary of the chamber of commerce, suggested that the Boy Scouts be used in the ceremonies. Lex Lucas, scout executive, took charge of arrangements this noon.

Members of all the troops, Nos. 1, 3 and 4, are to be present. Just what will be the nature of the ceremony is not known yet.

The suggestion was made by one of the Scout leaders that deodars be planted on Euclid extending from the monument north on Euclid for several blocks. It is likely that a plan will be worked out whereby the scout troops will each be responsible for planting at least one tree.

Planting of a line of Christmas trees would result in Upland having one of the most unique holiday scenes in the southland, it was indicated. The trees would be decorated with various colored lights and trimmed in Christmas colors for the holiday season.

Mary Brainard Tent to Hold Initiation

Mary Brainard Tent, Daughters of Veterans, will hold initiation of officers at the meeting Thursday night in the American Legion clubhouse. Plans are being made for an especially interesting meeting and a full attendance of the membership is requested.

LEGION AUXILIARY PLANNING DINNER

Membership Meeting To Be Held; Will Attend District Meet

With the president, Mrs. Clair E. Kirk, presiding the Woman's Auxiliary of the American Legion held an interesting session at the Legion clubhouse Monday. The meeting opened with an enjoyable pot-luck dinner at the noon hour, the business meeting following in the afternoon.

In addition to the routine business, several matters were brought up for discussion. The annual membership dinner will be held on Wednesday, February 12, and plans for this event were made. There was also considerable discussion of the auxiliary's new child welfare program being planned under the direction of Mrs. Earl E. Marsh.

Announcement was made of the meeting of the Twenty-first district which will be held in San Bernardino Thursday, beginning with a luncheon at noon. Mrs. Earl E. Marsh, president of the district, will preside at the meeting and a number of members of the local auxiliary are planning to attend.

Two Local Bowling Teams Roll This Week

Upland 20-30 club bowlers will vie with the Ontario "Y" men's club in Ontario tonight and Thursday night will see the Upland Rotary and the Ontario 20-30 in a pin contest.

These meets are scheduled in the Service club league.

Should Euclid Be One-Way Street?

"Should Euclid avenue be made a one-way street for traffic?"

This question was asked five people—all residents on the avenue—by The Upland News. Every Tuesday and Friday some question pertaining to Upland, Alta Loma or Cucamonga, or any part of the West End will be asked by The Upland News of at least five residents and the answers will be given word for word.

The Upland News will welcome suggested questions. The question that will be asked five residents for the Friday issue is: "What is the most needed improvement in the city?"

Following are the answers to the question concerning Euclid avenue as a one-way traffic artery:

Mrs. J. Emory Sargent, "Yes, we always use the avenue as though it were that way now. I am very much in favor of the plan."

Mrs. R. H. Henderson, "As traffic is at present, it is not necessary."

James Black, "Yes, it should be made a one-way street, then it will be the same all the way from the top to the bottom."

R. E. Hershey, "Yes, I am in favor of that very much."

Mrs. George Stamm, "We think that would be a good plan."

The Ontario city council proposed to the Upland city council Thursday night that the two cities join in directing traffic on Euclid, all south bound traffic using the west drive of the avenue and all north bound traffic using the east side of Euclid.

NOTED SPEAKER TO COME FOR MEETING

Chamber Annual Meeting Will Hear Address; Directors To Be Named

When a speaker is secured a definite date will be set for the annual meeting of the Upland chamber of commerce to which the general public will be invited. District Attorney Buron Fitts spoke at the 1929 meeting of the civic group and an effort is being made to engage a person who will bring just as large a group as did Mr. Fitts.

Ray W. Flickinger is in charge of securing the speaker. The tentative date—the last week in January—for the meeting was set so that the time of coming to Upland for some speaker could be changed to meet his conditions.

A program of entertainment is also planned under the direction of the committee headed by Roy Karr. Directors will be elected at that time.

It is likely that the annual meeting will see inaugurated the full time program of the chamber. The contemplated budget for engaging a person to devote his full attention to the civic work has been nearly pledged and indications are that the amount will have been obtained by the middle of January.

M.O.D. Permit Will Get Hearing Friday

Friday night at 7:30 o'clock has been officially set as the time when protests will be heard by the Ontario city planning commission on the proposed building of a packing house by the Mutual Orange Distributors at Palm avenue and Pacific Electric tracks.

The Ontario city council last night set the date, after the planning commission had recommended it.

Austin Burt, city service manager, said that many people had protested to him against the granting of a special permit for the packing house construction. George H. Parsons, owner of the building site, asked for the special permit.

Water Company Gets Well Site Permit

In order that it could construct another well at Fourth street and San Antonio avenue, Ontario, the San Antonio Water company, at the Ontario city council meeting last night, asked that it be given a special permit. The well site is in the agricultural zone.

The special permit was granted, placing the site in the industrial zone.

DIPHTHERIA TO BE PREVENTED IN NEW HEALTH PLAN HERE

Toxin-Anti-Toxin Will Be Given Students When Parents Offer Consent

WORK TO START JAN. 22

Full Particulars of Plan Will Be Explained Before Treatment Is Given

Bringing to Upland school children the best that can be obtained to prevent diphtheria, toxin-anti-toxin serum will be offered all the pupils the last of this month, it was decided at the meeting of the city health board at noon yesterday.

Parents will be asked to give their consent to the treatment before the preventive measure is taken and on January 22 the school children will take to their homes material explaining the procedure and purposes of administering the toxin-anti-toxin, according to R. G. Manley, secretary of the board.

This is a new development of the recently organized health board, but it is part of the program anticipated by the city council when Dr. Calvin L. Emmons was engaged as city health officer.

Between now and the date of starting the treatment, the nurses will prepare for the campaign. The health clinic, recently opened on Second avenue, next to the police station, will be operating on a definite schedule at that time.

Mr. Manley explained that the board is offering the toxin-anti-toxin as a preventive measure and that if parents are opposed to the treatment, their children will be excluded.

The treatment, however, is recognized as the best way to prevent diphtheria and the Ontario schools recently completed the program of treating the school children.

Mrs. Lottie V. Fuller and Miss Louise Jones, city health nurses, will be in charge of the work, under the general supervision of Dr. Emmons.

Rotarians See What Canada Is Like at Meeting Here Today

Upland Rotarians today got a glimpse of Canada.

William Campbell, traveling Southern Pacific agent with offices in Pomona, was the speaker and his address was illustrated with pictures showing conditions in Canada. The club meeting was held in The Sycamores at noon.

Clyde Whitely, local Pacific Electric agent, was in charge of the meeting and was responsible for getting Mr. Campbell here with his interesting program.

Water Company Being Made Mutual Concern

The Arrow Route Water company, owned by Eugene Ceriat, and getting water from the Ceriat well on Ninth street, east of Upland, is being converted into a mutual water company under the direction of the Empire Realty and Mortgage company, with J. L. Messenger in charge of the change.

The well, according to Mr. Messenger, is 746 feet deep and in 2 1/2 years the water level has dropped only 5.82 feet. Eighty inches of water is being produced from the well.

Stock in the company is being sold and within a short time the organization will be mutually owned, Mr. Messenger said.

Rain Slight Help To Local Wells

Before the local wells are given much relief there will have to be several more periods of good rains, according to reports today by Albert C. Reynolds, manager of the San Antonio Water company, and Richard G. Manley, city engineer.

Mr. Reynolds said that there was some water now in San Antonio canyon but that it would not last long, without more rain. Mr. Manley explained that when the rainfall becomes heavy enough to permit the water company to close down its pumps, it indirectly helps everyone, including the city.

Mr. and Mrs. L. N. Kirk are entertaining as their houseguests Mrs. Kirk's brother, Henry Milligan, and Mrs. Milligan of Mt. Ayer, Iowa.

Big School Is Best, Say Leaders

"The rural school supervisor in Ohio finds that the pupils in consolidated schools average 21 per cent higher in their grades than pupils in one-room schools. The report is based on grades submitted by county superintendents, and covers mainly examinations given eighth grade pupils last May.

"The difference in favor of the big, modern school is fairly uniform. It appears in every county. In one county the lead was 31 per cent.

"Figures like these make one wonder more than ever whether the 'little red schoolhouse' of venerated memory was ever all it is pictured in the roseate fancy of grown-up graduates. Certainly it wasn't if its modern antitype runs true to form. There can hardly be any mistake about the better showing of the highly organized school with many rooms and adequate teaching staff and equipment."—San Bernardino Sun.

It seems reasonable the larger school, with its greater advantages, should be the means of producing better grades from its students. It also has many other advantages, such as the larger social contact and greater school spirit. Southern California has a great advantage over practically every other section of the country in regard to consolidated schools. Take for instance our local consolidated Chaffey union high school and junior college, where students come for fifteen miles or more each day to attend school. There are no days during the year when it is impossible to attend on account of weather conditions. In other sections of the country where severe winter conditions prevail a good part of the school year the consolidated school is not so popular for the very good reason that there are days at a time when it is impossible for pupils to get to school. And it is more or less a hardship on a goodly number of the students a large portion of the school year. We have known instances where proposed consolidated school districts have been voted down for this reason—and this reason only.

This is another good reason people living in Southern California should appreciate the numerous advantages of their communities.

The financial experts will all tell you the time to buy stocks is when they are lowest and the time to sell is when they are highest. Now, if they will just be kind enough to let us know when they are the lowest and when highest we'll know just when to do what we should do in regard to the matter—that is, if we ever have any cash to buy stocks with or ever have any to sell.

According to a professor in the University of Chattanooga, girls make better grades in school because they study harder and not because they are smarter. In reply to which an exchange suggests it would seem they are smarter if they study harder.

There may be a change in the style of women's stockings from long to short and vice versa now and then, but there will never be a change in style from silk to cotton.

It is said a man in Holland has invented a doorbell that will not ring until a penny is dropped in the slot. We wonder if that doorbell wasn't invented in Scotland.

According to the geographies the Great American Divide is out west. And there are those who will agree that it is at Reno, Nev.

A road hog is a driver who tries to crowd you out of the middle of the road, says the Hemet News.

What Nearby Editors Have to Say

Azusca Herald: A fellow of the present age may not live much longer than those of past generations—but boy, he gets at least ten times more excitement out of every minute!

Beverly Hills Citizen: It's an ill wind that blows nobody good. Just now our friends with large incomes are beating the income tax by selling their stocks at their reduced prices, taking their losses for the purpose of their income tax returns and with that transaction completed going back into the market and buying the same stocks back. They save on their income taxes and take a chance by re-buying that they will make a profit with the return to normal of the stock market. Wise guys are saying that the failure of the market to revive is occasioned by the annual indoor sport upon the part of our monied class to beat the income tax and the simple means afforded this year to accomplish the purpose.

Claremont Courier: On a chilly morning recently I met on the street a tramp so old, unkempt, dilapidated that I stopped to talk with him. He was 69 years old and he hadn't a tooth in his head. "Why do you keep on the move?" I asked.

"To get something to eat," was the reply. He explained that he couldn't get a handout more than once at any one house, so—he kept on the move.

His itinerary had been the same for years—up north as far as San

Francisco in the summer and down again to San Diego in the winter. He had no relatives who would house him. He wouldn't go to a poorhouse. He wanted to be on the move—till he died.

He carried only a blanket in a horribly dirty sack. When night approaches, he gathers newspapers to wrap about his wasted frame and the blanket outside of that. At dawn he is on the move again—to keep warm.

He instructed many young boys who were hobnobbing how to use newspapers to keep warm at night. He might go for a day without food, but he usually carried part of a loaf of bread or something for emergency. But it was tramp, tramp, tramp, day after day unending.

Sather-Stones Wedding Is Pretty Home Affair—

A pretty home wedding occurred Saturday evening when Miss Rachel Sather became the bride of Edwin Stones of Los Angeles, the ceremony taking place at the home of the bride's sister, Mrs. Rebecca Maxie, 779 West street.

The house decorations were lovely pink and white sweet peas, while a gracefully formed arch entwined with asparagus fern and poinsettias was erected to form an improvised altar before which the bridal couple stood to exchange their marital vows, the ceremony being read by the Rev. H. Josephson of Chicago.

The bride, lovely in a handsome deep blue georgette dress with all accessories harmonizing, was accompanied by her niece, Miss Pearl Maxey, as bridesmaid, who also wore a lovely blue georgette frock, both the bride and her attendant carrying arm bouquets of beautiful white roses.

The groom was attended by his best man, Gilbert Sather, brother of the bride. Mr. Sather also provided the pre-nuptial music, singing two beautiful solos.

After the ceremony the members of the wedding party were entertained at dinner by the mother of the bride, Mrs. Karen Sather. Later in the evening Mr. and Mrs. Stones left for their home in Los Angeles, where they are residing at 1422 Temple street.

Miss Sather had resided in Upland and Ontario for the past two and a half years and made many friends here who are interested in her marriage.

Business Women to Hold Dinner Meeting Tonight—

Meeting in Crowell hall at 6:30 this evening, members of the Business and Professional Women's club of Upland will hold the first dinner meeting of the new year.

The club president, Mrs. Margaret H. Wright, is in charge of program arrangements and she has been fortunate in securing a speaker for the evening Attorney Edward E. Gray, who is known as a very clever and entertaining speaker. During recent months a number of club members have expressed a desire to hear Mr. Gray, and Mrs. Wright is pleased to announce that he will be the guest speaker this evening.

Several matters of much interest to the club are to be brought up during the business meeting and the entire evening is expected to be an interesting one.

Study Class Meets With Mrs. Leon Durham—

The Study Class which is led by Mrs. H. W. Hawkins, held a most profitable as well as enjoyable meeting Friday at the home of Mrs. Leon Durham, West Thirtieth street, gathering for an all-day session.

The program was built around the fascinating subject of "Poetry and Its Development" and the prepared papers and the round-table discussions proved so interesting that the entire time was devoted to study, with the exception of a delightful social time at the noon hour.

The home was attractive in holiday decorations of holly berries and oak foliage and Mrs. Durham extended the dining table to accommodate the 16 attendants who partook of a delicious pot-luck luncheon.

The program included three very interesting numbers, Miss Sinabel Hart discussing Homer's Odyssey, Mrs. E. A. Magill speaking on the Iliad, and Mrs. Leon Durham presenting a study of the Psalms. These numbers were followed by a general discussion led by Mrs. Hawkins and in which all of the members joined.

The class makes of its meetings

a period of real study and the lessons taken up require much research work of an educational nature.

Attending the meeting Friday were Mrs. Hawkins, Mrs. Lulu Smallman, Mrs. Charles J. Booth, Miss Sinabel Hart, Mrs. Frank Kitchel, Mrs. E. A. Magill, Mrs. W. H. Tuttle, Mrs. Gus Anderson, Miss Mina Ruesink, Miss Ethel Leeke, Mrs. M. E. Titus, Mrs. W. S. Avery, Mrs. L. W. Baker, Mrs. W. H. Andrews, Mrs. Mary Eckerman and Mrs. Durham.

Delightful Program Planned For Woman's Club Meeting—

Tuesday, January 14, will be "anniversaries" day for the Upland Woman's club, the program for the meeting being based upon that theme. Various members of the club will be prepared to give reminiscences on the founding of the state federation, the dedication of the splendid Upland clubhouse, and a number of other important events in club life.

Luncheon will be served at 12:30 and the program will begin at 1:45.

Moremen and McCorkle Families Enjoy Gatherings—

One of the pleasant family gatherings in Upland over the New Year holidays was that of the Moremen and McCorkle families. On New Year's eve Mr. and Mrs. M. H. Moremen had as their dinner guests Mr. Moremen's brother-in-law and sister, Mr. and Mrs. Gentry P. McCorkle, Jr., of Los Angeles, and his parents, Mr. and Mrs. A. P. Moremen.

Mr. and Mrs. McCorkle were overnight guests of the A. P. Moremens and on Wednesday were joined at the parental home by another daughter, Mrs. A. H. Buckley of San Jacinto.

The New Year's dinner with the Moremen families and Mr. and Mrs. McCorkle, Jr., as guests was held at the home of the Gentry P. McCorkles in Cucamonga.

The junior Mrs. McCorkle, a recent bride, was delighted with a unique Christmas gift from her husband's family, it being her own lovely bride's bouquet encased beneath glass in a handsome tray. The bouquet, beautiful bride's roses, lilies of the valley and maidenhair fern, is perfectly preserved and will remain so indefinitely, being a happy reminder of the eventful occasion on which it was used.

Upland Relatives Attend Dinner in Ontario—

Mr. and Mrs. Glenn H. Smith and Mr. Smith's mother, Mrs. D. A. Smith, 530 West Fifth street, Ontario, were hosts Sunday at a dinner given to a number of relatives and friends. The guests were Mr. and Mrs. H. C. Van Dusen, parents of the junior Mrs. Smith; Mr. and Mrs. Clinton O. Mayberry and small son, Darel; Mr. and Mrs. Glenn Van Dusen and son, Devon, of Pomona; Miss Mertie Leonard, of Pomona; Mrs. Mable Laundry and daughter, Miss Ada Laundry, of Claremont; and Mrs. L. E. Merrill of Ontario.

Upland-Ontario Couple To Be Married Sunday—

Miss Alice Lohrey, 231 Sixth avenue, sister of Miss Bertha Lohrey, will be married Sunday to Everett Morosic of Ontario. The ceremony will take place at the Four Square Gospel church in Ontario at 8 o'clock Sunday night, just before the opening of the evening service.

The J. M. Hawthornes Entertain at Dinner—

Mr. and Mrs. J. M. Hawthorne had the pleasure of entertaining at dinner Sunday for a number of friends and relatives. Among the guests were Mr. and Mrs. Will Suffren and daughter Ethel, of Orange, and a friend of the Suffrens, Mrs. Sadie Taylor of Chicago, and Mr. and Mrs. Carl Nicholson and son and daughter, John and Mildred.

Club Women To Go To Burbank Meeting—

The monthly meeting of the executive board of the Southern District, Business and Professional Women's clubs, will be held at Burbank Saturday, January 11, and will be attended by several members of the Upland Business and Professional Women's club of Upland. Mrs. Una R. Winter, past district president; Mrs. F. H. Manker, district treasurer, and Miss Helen Hilty, county president, are definitely planning to go to the meeting, and Mrs. Margaret H. Wright, president of the Upland club, will attend if possible.

The April meeting of the district board will be held in Upland on April 12, and members of the local board are already assembling ideas and planning for a feature meeting.

Edith Cavill Chapter Will Meet Thursday—

Edith Cavill chapter, D. B. E., will meet at the home of Mrs. J. N. Huehn, 745 Second avenue, Upland, Thursday, Jan. 9, at 2 p. m.

La Estrella Auxiliary to Meet With Mrs. Barker—

La Estrella Auxiliary, O. E. S., will meet Wednesday afternoon at 2 o'clock at the home of Mrs. W. D. Barker, 1819 Euclid avenue.

It had been planned to hold the meeting at the home of Mrs. David Widmark in San Antonio canyon, but because of the inclement weather it was decided to hold the meeting closer in and Mrs. Barker extended the hospitality of her home.

W. C. Andrews Takes Pretty Bride in Fresno—

W. C. Andrews, member of the faculty of Upland junior high school, went to Fresno during Christmas week and returned with Mrs. W. C. Andrews, a winsome bride, who will be cordially welcomed into Upland's school and social circles by Mr. Andrews' large number of friends.

On Thursday, December 26, at 8 o'clock in the evening, Miss Drusella Swanson became the bride of Mr. Andrews, at a very pretty home wedding, the event taking place at the home of the bride's parents, Mr. and Mrs. A. L. Swanson, in Fresno, and being witnessed by 35 wedding guests, relatives and intimate friends.

In the artistic house decorations lovely chrysanthemums and gladioli were used in effective arrangements. The ceremony was performed by candlelight, several large candelabra casting a soft glow over the rooms and enhancing the beauty of the scene.

Two beautiful solos, "At Dawn" and "I Love You Truly," preceded the wedding march from Lohengrin, which heralded the entrance of the bride party. Escorted by her father and preceded by her sister, Mrs. Pearl Farley as maid of honor. The bride advanced to the altar where she was awaited by the groom and his best man, his brother, Robert H. Andrews of La Verne. Another brother of the groom, the Rev. J. Alva Andrews, pastor of the Hollywood Methodist church, was the officiating minister.

The bride was truly a vision of loveliness in her charming wed-

ding gown of shimmering satin crepe in the soft eggshell shade with graceful tulle drapery forming an uneven hemline. The long veil was bound about her head with orange blossoms and she carried a beautiful shower bouquet of deep pink roses, lilies of the valley and maiden hair fern.

Shortly after the ceremony Mr. and Mrs. Andrews began a leisurely motor trip south, stopping first at Bakersfield and later going to the home of his brother in Hollywood. The remainder of the honeymoon was spent in making short trips, including attendance at the Tournament of Roses in Pasadena and visits in Los Angeles and several coast cities.

Mr. and Mrs. Andrews are now residing at their home on West Tenth street, near Benson avenue.

The Charles Ruedys Guests At Anniversary Dinner—

Mr. and Mrs. Charles Ruedy of East Ninth street, were guests Sunday at a delicious turkey dinner at the home of Mr. and Mrs. Ray Joy, of Ontario, who celebrated their tenth wedding anniversary. Mr. and Mrs. Ruedy were the only guests outside the family, which includes, besides the host and hostess, their four children, Robert, Dale, Laurel Nadine and Richard.

Frances Paul Girls Class Meets at Paul Home—

The January social meeting of the Frances Paul Girls class was held Monday night at the home of Mrs. Nell Paul on upper Euclid avenue, the co-hostesses with Mrs. Paul being Beatrice Morris, Winifred Johnson, Harriet Fischer, Louise Sleuman, Grace Meyers, Ethel Hart and Grace Huxtable.

With the class president, Nell Davenport, presiding, the usual business meeting was held and a ways and means committee appointed to consider certain financial plans.

The date of this meeting was changed from Wednesday to Monday in order that Mrs. E. C. Harwood of Pasadena might attend, and the class members had the pleasure of hearing her make an informal but very interesting talk.

IT COSTS MONEY TO RUN SCHOOLS

Nearly Four Million Dollars
Spent in San Bernardino
County in Year

Last year the counties of California paid out a total of \$331,592,354 in cost of local government. Of this sum, \$129,654,838 was spent by the counties for educational costs.

San Bernardino county paid \$3,913,307 for educating its youth, out of a total cost of government in the county of \$7,293,826.

California counties are paying on an average 38 per cent of their tax money for education. This is the great percentage of the total spent in the state for school support, as the state government only added \$26,500,970 to the \$129,654,838 expended by them for education.

Countless schemes have been offered by leading figures in the field of taxation. Vigorous opposition has been brought against each of these ideas.

Every expert studying the subject has agreed that general property can best be relieved by having the state assume a more substantial share of cost of education. But the manner in which the state shall raise funds for this purpose is the stumbling block whenever a solution is sought.

Dixwell L. Pierce, secretary of the state board of equalization, has consistently argued for a sales tax—preferably on luxuries. Entire receipts of this tax would go to the schools, according to him.

Pierce broached the plan several months ago, and editorial comment throughout the state was largely against the tax. A sales tax of any kind invariably looms in the minds of business men as a detriment to purchasing power of the public.

The California Taxpayers' association favors the so-called "County Unit Plan" to relieve property of cost of education. The plan contemplates centralization of educational administration and of schools in each county, with subsequent reduction of cost.

This plan has met with opposition from individual school districts, which object to losing their autonomy over local schools.

A thorough investigation of the whole problem will be included in the work of the legislative tax committee. Two taxpaying groups have already appeared before the committee, pleading for some sort of state relief, and others will follow.

CARD OF THANKS

We deeply appreciate and wish to thank all friends and neighbors for their kindness, sympathy and assistance during the illness and death of our beloved mother and sister. Also for the beautiful floral offerings.

S. B. Gerber and Family
Mr. and Mrs. W. C. Wilder

Holiday Musical Is Community Event at Canyon Resort

A beautiful Christmas story has come down from Camp Baldy, being a story within a story and told through the courtesy of Mrs. F. R. Quintaval of Camp Baldy.

One of the outstanding events of the holiday season at Camp Baldy was a community musical which included the singing of many of the Christmas carols. The little school house was decorated with Christmas colors, red and green candles on the mantle of the improvised grate and the illuminated Christmas star furnished the lighting.

The special feature of the evening for the children was the giving of presents by Mr. and Mrs. Thomas Olsen from the Patsy Pearson fund over which Mr. Olsen has charge. Little Patsy Pearson, five years of age, died and it is her father's wish that this fund be used at Christmas time to make children happy. Mr. Olsen, after reading the Christmas story, told the children of the real Bethlehem, which he has visited several times.

The program given was:

Silent Night..... Congregation
Joy to the World..... Congregation
O Little Town of Bethlehem.....
Children
Jesus the Light of the World.....
Mr. and Mrs. Holland
Christmas Story..... Mr. Olsen
Reading, The Child Jesus.....
Mildred Adams
His Eye Is On the Sparrow.....
Mrs. Curry
Violin solo, Ave Maria.....
Bernice Skein
Whispering Hope..... Mrs. Kilgore
Hark the Angels Sing.....
Congregation
Away in the Manger.....
Betty Brash, Helen Jane Kilgore
Vocal duet.....
Misses Nellie and Elsie Nelson
Violin solo, Star of Bethlehem.....
Mr. Meinert

"In Old Arizona" To Be Shown Here

Uplanders will see a picture at the Colonial theater this week that is hailed as one of the greatest ever produced by the William Fox organization. It is "In Old Arizona," starring Edmund Lowe and Dorothy Burgess. This will be shown tonight, Wednesday and Thursday.

Manager D. J. Dowding is securing only the best pictures for the local theater. It is impossible for him to get "first run" pictures here, but he has a wide choice in getting the films and this enables him to get the best, even though they have appeared in some other places first.

CARD OF THANKS

I wish to express to those who were so thoughtful and helpful and sympathetic during the sickness and death of my dear mother, my sincere appreciation for the same. The depth of kindness shown will never be forgotten.

BERTHA WATSON

COUNTY WILL SHOW POPULATION GAIN

Expected 1930 Census Will Give
Increase of Seven Thousand
and Over Last Year

Forecasting of population growth is one of the "chief occupations" these days, especially when the federal census is to be taken this year.

The state department of education estimates the population of California will be 5,769,568 as compared with 5,631,930 in 1929.

The population of San Bernardino county was fixed at 149,417 as compared to 142,619 in 1928.

"These figures," explained Walter Morgan, chief of the state division of research and statistics, "are based on the 1920 census figures projected by use of county ratios between elementary school average daily attendance and total population."

The system, Morgan said, is considered the most accurate among the various formulas now in use. It is used by the California state chamber of commerce for estimating the population of California for its various charts and statistics.

An interesting comparison may be made between Morgan's estimate and that of State Controller Ray L. Riley, who, in July estimated the population of California at 5,466,108, based on the increase in assessed valuation of property.

Several cities showed a dropping-off in population, according to their school enrollment, Morgan said. Chief among these were Oakland, which decreased from 286,273 in 1928 to 284,157 this year, and Pasadena, which dropped from 94,060 to 92,207.

Tenth Street P.-T. A. To Meet Wednesday

With the holiday vacation over and the Upland schools again in session, attention is again turned to school affairs, including the Parent-Teacher association work.

The Tenth street P.-T. A. will meet Wednesday at 3 p. m. in the kindergarten room of the school building. The feature of the program planned for the afternoon will be an address by Miss Pearl Clark of the Chaffey faculty, her subject being "Education Through Travel." Miss Clark is an interesting speaker and her address is being looked forward to by the association members.

A business meeting will be held with the usual business being considered.

What Father Did

"And what does your father do?" asked the kind gentleman of the little boy.
"Oh, he's a numismatician," the lad replied.
"Why, a numismatician is a coin collector."
"Yes, that's what my father is," said the boy. "He's a conductor on a street car."

Ladies Aid Gives Annual Community Dinner at Church

The annual community dinner given last week by the Ladies Aid society of the Bethany Union church was a courtesy to all those living in the San Antonio Heights community, was attended by 75 guests and proved to be a very successful event.

At 1 o'clock a most excellent chicken dinner was served and was followed by an enjoyable program. Several musical numbers were given, including a duet by Mr. and Mrs. Millard, several numbers by a girls' chorus and mandolin and piano duets by Mrs. Cheek and her daughter Dorothy. Dr. Bert Foster of St. Mark's Episcopal church, contributed to the program by making a very appropriate and enjoyable talk, while the principal speaker for the occasion was Isaac I. Friesen, who held a series of meetings at the church during the week.

The social hall of the Bethany Union church, where the dinner was given, was bright with holiday decorations and at the conclusion of the dinner and program the friends and neighbors remained in the hall for some time enjoying a pleasant social hour.

The Ladies Aid of the Bethany Union church is one of the most active organizations in this district and in addition to their generous amount of church and missionary work, the members also do much community work which fosters a spirit of friendliness and harmony for which the Heights section is noted.

Fair Ground Track Being Improved Now

With revamping of the grounds, reconditioning of the track, rebuilding of fences and the mammoth new building nearing completion, the Los Angeles county fair grounds in Pomona is a scene of industry as the new year begins.

Next year the fair will be a nine-day event, September 13 to 21, inclusive.

To build up the turns on the track, 1,700 loads of dirt are now being taken from what is to be the White avenue extension. First plans called for approximately 1,000 loads, but this amount was increased to assure perfection of the track and to have the banks strictly according to regulations. It will be one of the fastest tracks in the west.

The Smoothest Highway To Town

... and more economical!

TRY the Big Red Cars next time you go to town... Glide along on smooth steel rails...entirely free from traffic responsibilities and parking worries.

And save money, too. Low round trip fares make the Big Red Cars your most economical means of transportation. Also, Commutation and Monthly Pass fares are only slightly over one cent per mile. Compare this with your present travel costs...and remember you save parking fees also!

Besides, you reduce nerve strain, gain extra leisure for reading or relaxation...arrive quickly and safely at your destination.

Try this smoothest highway to town next time you go. Make an actual test, and know why thousands always ride the Big Red Cars.

SCRIPPS BUILDING TO COST \$200,000

Residence Hall Being Built
at College; Library
Also Planned

Construction of a residence hall for additional students at Scripps college at a cost of more than \$200,000 is today under way east of Claremont near the Foothill boulevard. Plans have been drawn for a new library building and construction on this campus unit may be started during this year.

With an enrollment now totaling 150, Scripps college closed the year 1929, looking forward to another year of growth in student body as

well as in physical equipment.

Last fall a class of 54 was admitted and next September another class of 50 will be enrolled, bringing the college to its total enrollment of 200 students. The first graduation exercises of the institution will be held in June, 1931.

Since the founding of the college annual additions have been made to the faculty roster. At the present time it numbers 17 members with the administrative officers bringing the number up to more than 25.

During 1929 the beautiful new \$350,000 Janet Jacks Balch hall with classrooms, library and auditorium, was completed and formally opened last fall. The building also houses the faculty and administrative offices. Ellen Browning residence hall was completed at a cost of more than \$200,000.

BIG C. E. MEETING IN SAN BERNARDINO

Upland Endeavorers Plan to
Hear Prominent C. E.
Worker Speak

A. J. Shurtle, treasurer and field secretary of the International Society of Christian Endeavor, is to make a 15-day tour of the state in the interest of Christian Endeavor work. The opening meeting of the tour will be held in the First Congregational church of San Bernardino on January 10 when delegations representing all the Christian Endeavor societies of the county will meet to hear one of the organization's ablest leaders.

Prior to the meeting a banquet will be given at the Cafe Madrid in Mr. Shurtle's honor. All the pastors of the county sponsoring Christian Endeavor and the executive officers and superintendents will be present to greet him. Those present will then adjourn to the Congregational church, where Mr. Shurtle will deliver the main address of the evening at 7:45 o'clock.

Quite a number of members of the Upland Christian Endeavor societies are planning to attend the meeting.

Baldwin Property at Arcadia To Be Sold

Uplanders will be interested in the announcement that Mrs. Anita M. Baldwin will dispose of her vast real estate holdings in Southern California, among the most valuable of which is the "Lucky" Baldwin rancho, Santa Anita, west of Arcadia. It is also announced that the Clara Baldwin Stocker estate will be subdivided immediately.

Sixteen hundred acres are involved and it is said to be valued at \$7,000,000. Los Angeles county supervisors are reported to be converting the project into a huge county recreational park. The tract is dotted with huge live oaks and could be landscaped for park purposes.

Dinner Is Planned by Royal Neighbors

With a pot-luck dinner as the feature of the evening, Orange Camp No. 4146, Royal Neighbors of America, will meet at 6:30 Thursday night in the Upland I. O. O. F. hall.

Besides the dinner a number of specialties are being planned and an enjoyable time is anticipated. All members are urged to keep this date in mind and to bring the members of their families as guests.

Local Rebekah Lodge To Install Officers

Silver Link Rebekah lodge will meet Friday, January 10, in the I. O. O. F. hall in Upland. The business session will be held at 7:30, after which the new officers of the lodge will be installed. Mrs. Ada Dunwoody, district deputy president, and her staff from Ontario being installing officers.

All members are requested to be present and visitors will be cordially welcomed.

Radio Beams Guide Planes Over Upland on Long Journeys

Large passenger airplanes over Upland and through Cajon and San Geronimo passes will be guided sometime in 1930 by invisible radio beams, which will be unaffected by weather conditions. C. R. Adams, department of commerce technician, who has made an investigation of sites along the route, has sent to Washington reports on sites for the radio beam broadcasting stations.

The southern California sector of the transcontinental airways will have three radio beam broadcasting stations, at an expenditure estimated at \$150,000. One site will probably be Glendale, one between Fontana and Etiwanda, and the third near Barstow. The Fontana site is west of Fontana on the Arrow route, near the intersection of Etiwanda avenue, on three acres owned by Andrea Cuccia.

The first station out of California will be at Las Vegas, Nevada, and from there other stations will be constructed at intervals, until a plane may fly from coast to coast without ever leaving the lane by which it is guided by radio beams. The station, by means of equipment similar to that of the ordinary broadcasting station, sends out waves of sound which are picked up by the pilot who uses ear phones. When he is on the course he hears a continuous wave of sound, and when he gets out of the course, another sound tells him whether he is right or left.

These radio beams will, it is believed, prevent such accidents as the one that occurred recently in San Geronimo pass when a plane crashed into the mountain side.

Heim Gemacht
"Gosh, but that man over there is fat. He must drink patriotic beer."
"What kind is that?"
"The kind that goes to the front."

Do You Like Tweed?

Of course you do, for the tweed dress is an invaluable aid to true chic . . . especially when it is as smartly new as this one. When the winds are blustery and there's a fierce nip to the air, one can

laugh derisively at the thermometer if attired in a trig dress of warm tweed.

When this frock is completed, you have a costume that the most particular style-seeker would declare the height of fashion right-

Able was taking his son Ike to see a football game. In his excitement he drove past a stop light. The cop called him back and said: "Say, where do you get this fast stuff, anyway?"
"Oi, oi, Mister Policeman, me and little Ike are going to the football game."
"Is that so, you smart-aleck. I guess I'll hand you a ticket."
"Oi, thank you, Mister Policeman. Can you give me one for little Ike, too?"—Exchange.

Upland Will Not Be in Orange Show

Upland will probably not be included in the National Orange show at San Bernardino when it opens next month, according to sentiment among chamber of commerce officials.

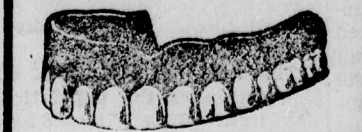

One of the major causes for deciding not to enter an exhibit is the predicted high value of oranges, making the cost of an entry prohibitive.

In the last several years Upland has shown in the outstanding mid-

winter attraction and the local exhibit has always won much attention.

Boy: "No, Mister, I don't want to sell this trout."
Angler: "Well, just let me measure him so that I can truthfully say how big the trout was that got away from me."

HOME OWNING Small Salary

IT MAY surprise you to know that fully half of the homes in this country are owned by men who make less than \$2000 a year.

How do they do it? Through loans such as those made by this association. These loans are put upon a monthly repayment basis about like rent. Both interest and principal are included; one mortgage stays in force, eliminating costly renewals; never any large sum to meet. This is the one plan that helps you to get out of debt, easily, and over a period of years, it is distinctly cheaper.

We loan money to build or buy a great many homes which never WOULD and never COULD have been owned in any other way. You can do it, too, if you are now paying rent regularly. Come in and let us tell you how.

Local News Briefs

We frame more pictures every day.—Manker & Benson, Inc. 60-14

John Stamm is confined to the home of his parents with an attack of mumps.

Members of the Upland Fire department met for a stag dinner party in their San Antonio canyon cabin last night.

Mrs. Walter Breithaupt of Kitchener, Canada, is visiting her parents, Mr. and Mrs. J. W. Shepperson of North Euclid avenue.

Mr. and Mrs. Lorie Sanders, of Wenatche, Wash., who are visiting relatives in Pasadena, spent Saturday here as the guests of Mr. and Mrs. W. C. Born and family on East Tenth street.

The new gas service for San Antonio heights residents is bringing much pleasure to the residents and especially to J. Albert Jackson. He said that the service will also be a big boost to the heights as residential sites.

Mrs. Claud Roth, a sister of J. W. McConkey, arrived several days ago from Corning, Iowa, where she has been with her parents, and is a guest of Mr. and Mrs. McConkey at their home on Second avenue. Mr. Roth, who is motoring from Williams, Ariz., is expected to arrive shortly.

Mrs. Eldon Atwood and daughter, Martelle, Miss Elizabeth Ruth and Mrs. A. C. Groendyke and two children of Long Beach returned Friday from a several days visit with relatives in Woodlake. Although there had been but little rain in that section of the valley, yet the fog was very heavy and icy temperature prevailed.

Mrs. Norval C. Jordan, West Twelfth street, who has been ill for some time, is now very much improved and is able to be up.

Miss Ena Hawthorne, who spent the Christmas holidays here with her parents, Mr. and Mrs. J. M. Hawthorne on Second avenue, has returned to U. C. L. A.

Mr. and Mrs. V. D. Johnson, father and mother of Mrs. Clyde Whitely of Upland, were here visiting from Orange on Saturday. They returned to their home Sunday morning. Mr. Whitely spent Sunday in San Bernardino.

Ed Pullen and Ike Steiner with Miss Helen Rowe and Miss Betty Titcomb of San Jose, made a trip to Palm Springs and the Mission Inn, Riverside, on Sunday. The visitors were here during the Christmas holidays.

Mr. and Mrs. J. B. Gibson of Arroya Grande have come to Upland to spend the winter, and have taken a cottage on Tenth street. Mr. and Mrs. Gibson are parents of Ernest H. Gibson of Second avenue.

Mrs. Walter Gear returned Monday from the San Antonio Community hospital to her home on West Sixteenth street, being accompanied by her son, William Allen. The baby weighed eight and a quarter pounds at birth and is a fine, husky youngster.

Robert Hawthorne, eleven-year-old son of Mr. and Mrs. E. E. Hawthorne, West Eighth street, is now able to sit up at intervals after being very ill for the past three weeks. The lad found the long illness doubly trying since it deprived him of his Christmas holiday pleasures.

Mr. and Mrs. J. S. York have moved to Upland from Redlands and are now living at 869 1/2 Fourth avenue.

Mr. and Mrs. A. C. Burkholder, 748 Third avenue, spent the weekend in Santa Ana visiting at the home of their daughter.

Mr. and Mrs. Charles Ruedy expect to leave tomorrow for El Centro, where they will remain for several weeks looking after their property there.

Miss Esther Guy returned Sunday from a several days visit in Arcadia, where she was the guest of Miss Mary Kratzer. Miss Guy formerly lived in Arcadia and she enjoyed meeting many of her friends there.

Mr. and Mrs. James A. Paulin and family visited in Upland over the weekend, from Santa Barbara, where Mr. Paulin is attending the Teachers' State Normal, and where he is also teaching. They were guests at the home of Mrs. Paulin's parents, Mr. and Mrs. P. H. Harter.

Mrs. Elizabeth Welch, who suffered a fracture of both legs in a recent automobile accident, is rapidly recovering and is able to be up in a wheel chair part of each day. Considering her advanced age, the improvement is considered by Dr. A. L. Weber as remarkable. Mrs. Welch is the mother of Mrs. Helen Dougherty.

Ashton P. Sanford of Los Angeles made good a fictitious check he cashed at the local Piggy Wiggly store, after being brought here to face the bad check charge. Sanford drew a suspended sentence of \$60 or 60 days in the county jail from Judge George Crane. C. O. Mayberry, manager of the local store, was reimbursed for the amount of the check and for the expense he had been put to in trying to collect the money.

MERCURY DROPS TO 30; 75 HIGH MARK

T. R. Woodbridge Records Path of Temperatures, Giving Low and High

Temperature in Upland since December 30 has ranged from as low as 30 degrees, which was recorded last night, to as high as 75 degrees, T. R. Woodbridge, manager of the Liberty Groves Operating corporation, reported today.

Mr. Woodbridge keeps the temperature daily and he has compiled the "high and low" marks for The Upland News.

Following are temperatures as recorded by Mr. Woodbridge:

	Low	High
December 30	40	68
December 31	41	69
January 1	35	73
January 2	37	74
January 3	37	75
January 4	39	66
January 5	42	48
January 6	30	51
January 7	30	

Two babies were born at the San Antonio Community hospital this morning, the parents of both being residents of Ontario. Mr. and Mrs. H. B. Hickey became the parents of a daughter, while a son was born to Mr. and Mrs. Worth Thornton.

The teacher was telling her open-eyed class about the dolphin and its habits.

"And, children," she said, impressively, "just think, a single dolphin will have two thousand baby dolphins."

"Goodness!" exclaimed the bright little girl at the bottom of the class, "and how many do the married ones have?"

Long, Short of Evening Style

NET for the sophisticate . . . it's one of the newest and at the same time smartest exponents of the new vogue for beautiful materials. What could be more delightfully thrilling to the feminine heart than a tiered net frock that follows fashion's edict for longer evening gowns?

A short velvet evening wrap, luxuriously furred as to collar and cuffs, completes an evening ensemble that spells modern smartness and verve.

WHO IS CHAMPION CITRUS GROWER?

Many Uplanders Will No Doubt Contest For Honor at National Orange Show

Upland and community are in the heart of the best citrus country in the world. We should therefore have the best orange and lemon growers of the world. This will be decided at the National Orange Show in San Bernardino, where citrus culturists from all parts of Southern California will be entered in the contest.

Though these titles may be largely mythical, the contests have attracted wide attention during the past two years and the third competition is expected to far overshadow its predecessors in the number of entries and at least equal them in the quality of fruit displayed.

Judging in the world's championship contests will take place the first day of the show, Feb. 13, and in the evening diamond studded gold medals will be awarded the two winners by Gov. C. C. Young. The governor will formally open the show at 8 p. m., and presentation of the medals will take place a short time later.

Letters have been sent from the Orange show office to scores of packing houses throughout the citrus district. The packers have been supplied with entry blanks which they will pass along to their growers. None but bona fide growers may compete and the packing houses themselves will not be allowed to enter the contest.

The first year the orange prize went to O. H. Price of Etiwanda. Last year a Lindsay grower annexed the award and growers of the citrus belt are determined to bring the laurels back to Southern California again.

Milo Smith and family enjoyed a motor trip to Lancaster Sunday, returning home by way of Victorville.

Beulah College

Beulah college resumed activities Thursday morning after enjoying a pleasant Christmas holiday, and the school work is once again moving along smoothly.

Miss Mary Kreider, member of Beulah college faculty, spoke at the chapel service Friday morning, giving a very interesting report of the trip made during Christmas week by the Gospel team when they went to Glendale, Ariz., and assisted in the revival meeting which the Rev. H. S. Crider was conducting there. A very successful trip and a splendid meeting were reported. The Gospel team included Miss Kreider, the Rev. J. R. Eyster, Cletus Naylor, Susanna Landis, James and Rachel Weed. Also during the chapel period, members of this team sang several of the songs they had sung at the Glendale meeting.

Cletus Naylor of Beulah college occupied the pulpit of the Free Methodist church in Pomona a both the morning and evening service Sunday. At the evening service a girls' quartet composed of Susanna Landis, Miram Cassel, Ellen Gramm and Gladys Wolfenbarger, sang a number of songs.

The Rev. H. S. Crider, who recently held a meeting at the Upland Brethren in Christ church, is now conducting a meeting in Pasadena and Sunday Misses Leoda Smith and Janna Goins attended the meeting and sang several duets.

Elder H. S. Crider came up from Pasadena for a short visit Friday and was an unexpected though welcome visitor at the chapel service in Beulah college.

John Girtan, Beulah college student, has returned to his home in Waukena, Tulare county, and will no. likely return to school. His health had not been good for some time and his parents requested him to return home.

A Good Line

"How can you afford to take girls to such expensive restaurants?"

"Well, before we go in I always ask her if she hasn't been putting on weight."

He Has To

"The man who gives in when he is wrong," said the orator, "is a wise man, but the man who gives in when he is right is——"

"Married," said a weak voice in the audience.

10:00—George Olsson, KFWB.

Thursday

10:00 a. m.—Woman's Magazine of the Air, KFI.
11:00 a. m.—Standard School Broadcast, KFI.
6:00 p. m.—Seiberling Singers, KFI.
7:30 p. m.—Standard Symphony, KFI.
9:00 p. m.—Don Lee Symphony, KHJ.

Friday

10:00 a. m.—National Broadcast, KFI.

VAGRANT KEEPS ONE JUMP AHEAD

Man Arrested Sunday Changes
Name Frequently; Two
Pay Fines

Upland is a poor place for anyone to spend the early morning hours strolling about the streets. C. Weight, a man of many names and no home, did it and today he is in the county jail on a sentence of 30 days.

Saturday night, Chief of Police J. F. Sawyer advised his men to pick up anyone seen on the streets late at night, who could not give a good reason for his actions. At 3 o'clock Sunday morning, Ralph Dark and E. E. Jenkins met Weight and on searching him found several boxes of matches, and candles, which had been partly burned. Between that time and yesterday afternoon, when he was sentenced to jail on a vagrancy charge, he had changed his name several times, the last one being C. McWattie. Judge George R. Crane heard the case.

Other week-end cases involved Will Casey, Ontario, who was arrested Sunday morning on a reckless driving charge. He was fined \$30.

Walter S. Miller, Chino, is minus \$30 for his trip through Upland via auto. On Foothill boulevard, near the Sycamores, his machine and one driven by Phil Johnson, Etiwanda, crashed together. Miller was charged with reckless driving.

Cars driven by Fred Bartholomew, Dallas, Texas, and Sabino Cemana East Highlands, came together at Foothill boulevard and Benson avenue yesterday afternoon. No one was injured, according to Carmen S. Lehman, who investigated.

Mrs. Bloop—Does your car have a worm drive?
Mrs. Bloop—Yes; but I tell him where to drive.

He: "A month ago my wife left me without any reason."
She: "I felt sure someone had left you without it."

Employer: "Why were you discharged from your last place?"
Applicant: "For good behavior."
Employer: "What do you mean?"
Applicant: "They took three months off my sentence."

Insuring Peace

"You say you are a lover of peace and then you go and throw a brick at Casey."
"Yes, Sir—an' 'e were peaceful, too, after I throwed it."

Lace Expresses Feminine Mode

The mode has become more and more feminine as the months pass swiftly by, and the smart woman has enjoyed using materials and fabrics which, previous to the inauguration of these new trends, were considered rather demode. Lace has sprung into a most popular place with the fair set, and one MUST have a dress of it in exquisite black, beige or even bright red!

This is the sort of frock one can comfortably fall back on when in a dilemma as to just what to wear for a special occasion. It introduces a new and smart use of lace!

CITRUS MANAGERS HOST TO VISITORS

Reception Given Delegation in
Lake Norconian Club
Last Night

Packing house managers were hosts last night to a distinguished delegation of visiting leaders in the citrus industry. After the visitors made a tour of the local citrus district under the direction of Harry E. Harlow, manager of the Ontario-Cucamonga Exchange, a reception was held in the Lake Norconian club last night.

Agents and jobbers handling the local citrus fruit and Los Angeles representatives of the California Fruit Growers Exchange were in the party.

Those in the visiting party were L. M. Hewitt, Cleveland; R. H. James, Kansas City; H. J. Shenk, Columbus; J. B. Stevens, Boston; G. W. Symms, Wichita; C. W. Stevens, Calgary, and E. Unger, Buffalo.

From the Los Angeles office were Dana C. King, sales manager; L. D. Savage, R. B. Wallace and L. H. Wahlwend, assistant orange sales managers; Paul S. Armstrong, assistant general manager; W. W. Geissinger, advertising manager; J. O. Cook, assistant advertising manager; R. S. Simmons, publicity manager; F. O. Wallschlaeger, auditor; H. J. Ramsey, field manager; Fred Mayer, assistant lemon sales manager; R. J. Rodgers, in charge of the local government weather bureau was also in the party.
